For Immediate Release

Franklin Street Properties Corp. Announces Fourth Quarter and Year End 2015 Results

Wakefield, MA—February 16, 2016—Franklin Street Properties Corp. (the “Company”, “FSP”, “we” or “our”) (NYSE MKT: FSP), a real estate investment trust (REIT), announced today Funds From Operations (FFO) of \$27.1 million or \$0.27 per share for the fourth quarter ended December 31, 2015; and FFO of \$106.9 million or \$1.07 per share for the full year ended December 31, 2015. Net income was \$15.4 million or \$0.15 per share for the fourth quarter ended December 31, 2015 and \$35.0 million or \$0.35 per share for the year ended December 31, 2015.

The Company evaluates its performance based on FFO, AFFO, Net Income and EPS and believes each is an important measure. A reconciliation of Net Income to FFO and AFFO, which is a non-GAAP financial measure, is provided on page 3 of this press release.

(in 000's except per share data)	Three Months Ended December 31,			Year Ended December 31,		
	2015	2014	Increase (Decrease)	2015	2014	Increase (Decrease)
Net Income	\$ 15,412	\$ 4,295	\$ 11,117	\$ 35,014	\$ 13,148	\$ 21,866
FFO	\$ 27,076	\$ 27,525	\$ (449)	\$ 106,890	\$ 112,462	\$ (5,572)
Per Share Data:						
EPS	\$ 0.15	\$ 0.04	\$ 0.11	\$ 0.35	\$ 0.13	\$ 0.22
FFO	\$ 0.27	\$ 0.27	\$ —	\$ 1.07	\$ 1.12	\$ (0.05)
AFFO	\$ 0.17	\$ 0.20	\$ (0.03)	\$ 0.80	\$ 0.89	\$ (0.09)
Weighted average shares (diluted)	100,187	100,187	—	100,187	100,187	—

Comparing results for the fourth quarter of 2015 to the same period in 2014, FFO decreased \$0.4 million to \$27.1 million and was \$0.27 per share for the fourth quarter of 2015 and 2014. The FFO decrease was primarily from lower property income as a result of asset sales, loan repayments achieved in the last twelve months and lower occupancy, which was partially offset as a result of the acquisition of a property on April 8, 2015. We recorded a \$12.3 million gain on the sale of a property on December 9, 2015. Net Income and EPS was \$15.4 million and \$0.15 per share for the fourth quarter of 2015, respectively, compared to a Net Income of \$4.3 million and EPS of \$0.04 for the fourth quarter of 2014.

Comparing results for the year ended December 31, 2015 to the same period in 2014, FFO decreased \$5.6 million or \$0.05 per share to \$106.9 million or \$1.07 per share. The FFO decrease was primarily from lower property income as a result of asset sales and loan repayments achieved in the last twelve months and from lower occupancy, which was partially offset as a result of the acquisition of a property on April 8, 2015. We recorded a \$23.7 million gain on the sale of four properties during the year ended December 31, 2015. Net Income and EPS was \$35.0 million and \$0.35 per share for the year ended December 31, 2015, respectively, compared to Net Income of \$13.1 million and EPS of \$0.13 for the year ended December 31, 2014.

George J. Carter, President and CEO, commented as follows:

“For the fourth quarter of 2015, FSP’s funds from operations, or FFO, totaled approximately \$27.1 million or \$0.27 per share. For the full year 2015, our FFO totaled approximately \$106.9 million or \$1.07 a share. These results are within our initial full year 2015 FFO guidance range of \$1.03 to \$1.08 per diluted share. FSP’s full year 2015 adjusted funds from operations, or AFFO totaled approximately \$79.8 million or \$0.80 per share. Dividend distributions paid/declared for full year 2015 totaled \$76.1 million or \$0.76 per share. We also recorded gains on the sale of four properties during 2015 of \$23.7 million or \$0.24 per share. Our initial FFO guidance for full year 2016 is estimated to be in the range of \$1.01 to \$1.07 per diluted share and for the first quarter of 2016 we estimate FFO to be in the range of \$0.24 to \$0.26 per diluted share.

Our directly owned real estate portfolio of 36 properties totaling approximately 9.5 million square feet was approximately 91.6% leased as of December 31, 2015. We did significant leasing in the fourth quarter, much of it renewals ahead of lease expirations in future periods. We anticipate continued positive leasing activity within the portfolio during 2016.

On December 9, 2015, we sold our San Jose, California property, known as Montague Business Center, for \$30.3 million. On January 19, 2016, an affiliate of FSP sold the 296,000 square foot office building, known as Central Park Tower, located at 385 Interlocken Boulevard in Broomfield, Colorado within the Denver-Boulder corridor for \$83.5 million and our \$37.5 million first mortgage loan on that property was repaid in full. Central Park Tower was developed as a spec office building in 2008-2009. Its sale represents a record price per square foot for an office property sale in the Northwest submarket of Denver. We continue to work on finalizing plans for our anticipated next development opportunity at 801 Marquette Avenue South in Minneapolis, Minnesota. We expect ongoing property disposition/acquisition activity during 2016 as we continue to reposition the portfolio into larger, multi-tenant, urban infill/CBD office assets, primarily within our five core markets of Atlanta, Dallas, Denver, Houston and Minneapolis.

As we begin 2016, our property portfolio is operating smoothly with existing and known upcoming vacancy square footage actively being marketed to multiple potential tenants. We look forward with anticipation to 2016 and beyond.”

Dividend Update

On January 8, 2016, the Company announced that its Board of Directors declared a regular quarterly dividend for the three months ended December 31, 2015 of \$0.19 per share of common stock that was paid on February 11, 2016 to stockholders of record on January 22, 2016.

FFO Guidance

Our full year FFO guidance for 2016 is estimated to be in the range of \$1.01 to \$1.07 per diluted share and for the first quarter of 2016 we estimate FFO to be in the range of \$0.24 to \$0.26 per diluted share. This guidance (a) excludes the impact of future acquisitions, developments, dispositions, debt financings or repayments or other capital market transactions; (b) reflects estimates from our ongoing portfolio of properties, other real estate investments and G&A expenses; and (c) reflects our current expectations of economic conditions. We will update guidance quarterly in our earnings releases. There can be no assurance that the Company’s actual results will not differ materially from the estimates set forth above.

Real Estate Update

Supplementary schedules provide property information for the Company's owned real estate portfolio and for two non-consolidated REITs in which the Company holds preferred stock interests as of December 31, 2015. The Company will also be filing an updated supplemental information package that will provide stockholders and the financial community with additional operating and financial data. The Company will file this supplemental information package with the SEC and make it available on its website at www.franklinstreetproperties.com.

Funds From Operations (FFO) and Adjusted Funds From Operations (AFFO)

A reconciliation of Net Income to FFO and AFFO is shown below and a definition of FFO and AFFO is provided on Supplementary Schedule H. Management believes FFO and AFFO are used broadly throughout the real estate investment trust (REIT) industry as measurements of performance. Management also believes that FFO and AFFO represent the most accurate measures of activity and are the basis for distributions paid to equity holders. The Company has included the NAREIT FFO definition in the table and notes that other REITs may not define FFO in accordance with the current NAREIT definition or may interpret the current NAREIT definition differently. The Company's computation of FFO and AFFO may not be comparable to FFO or AFFO reported by other REITs or real estate companies that define FFO or AFFO differently.

Reconciliation of Net Income to FFO and AFFO: (In thousands, except per share amounts)	Three Months Ended December 31,		Year Ended December 31,

Earnings Call

A conference call is scheduled for February 17, 2016 at 10:00 a.m. (ET) to discuss the fourth quarter 2015 results. To access the call, please dial 1-877-507-4376. Internationally, the call may be accessed by dialing 1-412-317-6014. To listen via live audio webcast, please visit the Webcasts & Presentations section in the Investor Relations section of the Company's website (www.franklinstreetproperties.com) at least ten minutes prior to the start of the call and follow the posted directions. The webcast will also be available via replay from the above location starting one hour after the call is finished.

About Franklin Street Properties Corp.

Franklin Street Properties Corp., based in Wakefield, Massachusetts, is focused on investing in institutional-quality office properties in the U.S. FSP's strategy is to invest in select urban infill and central business district (CBD) properties, with primary emphasis on our top five markets of Atlanta, Dallas, Denver, Houston, and Minneapolis. FSP seeks value-oriented investments with an eye towards long-term growth and appreciation, as well as current income. FSP is a Maryland corporation that operates in a manner intended to qualify as a real estate investment trust (REIT) for federal income tax purposes. To learn more about FSP please visit our website at www.franklinstreetproperties.com.

Forward-Looking Statements

Statements made in this press release that state FSP's or management's intentions, beliefs, expectations, or predictions for the future may be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. This press release may also contain forward-looking statements based on current judgments and current knowledge of management, which are subject to certain risks, trends and uncertainties that could cause actual results to differ materially from those indicated in such forward-looking statements. Accordingly, readers are cautioned not to place undue reliance on forward-looking statements. Investors are cautioned that our forward-looking statements involve risks and uncertainty, including without limitation, economic conditions in the United States, disruptions in the debt markets, economic conditions in the markets in which we own properties, risks of a lessening of demand for the types of real estate owned by us, changes in government regulations and regulatory uncertainty, uncertainty about governmental fiscal policy, geopolitical events and expenditures that cannot be anticipated such as utility rate and usage increases, unanticipated repairs, additional staffing, insurance increases and real estate tax valuation reassessments. See the "Risk Factors" set forth in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2015, as the same may be updated from time to time in subsequent filings with the United States Securities and Exchange Commission. Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We will not update any of the forward-looking statements after the date of this press release to conform them to actual results or to changes in our expectations that occur after such date, other than as required by law.

	Total	3,631,694	41.8%

(a) The leases with this tenant concluded on December 31, 2015.

Franklin Street Properties Corp. Earnings Release
Supplementary Schedule H
Definition of Funds From Operations (“FFO”) and
Adjusted Funds From Operations (“AFFO”)

Funds From Operations (“FFO”)

The Company evaluates performance based on Funds From Operations, which we refer to as FFO. The Company defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and acquisition costs of newly acquired properties that are not capitalized, plus depreciation and amortization, including amortization of acquired above and below market lease intangibles and impairment charges on properties or investments in non-consolidated REITs, and after adjustments to exclude equity in income or losses from, and, to include the proportionate share of FFO from, non-consolidated REITs.

FFO should not be considered as an alternative to net income (determined in accordance with GAAP), nor as an indicator of the Company’s financial performance, nor as an alternative to cash flows from operating activities (determined in accordance with GAAP), nor as a measure of the Company’s liquidity, nor is it necessarily indicative of sufficient cash flow to fund all of the Company’s needs.

Other real estate companies and NAREIT, may define this term in a different manner. We have included the NAREIT FFO definition in our table and note that other REITs may not define FFO in accordance with the current NAREIT definition or may interpret the current NAREIT definition differently than we do.

We believe that in order to facilitate a clear understanding of the results of the Company, FFO should be examined in connection with net income and cash flows from operating, investing and financing activities in the consolidated financial statements.

Adjusted Funds From Operations (“AFFO”)

The Company also evaluates performance based on Adjusted Funds From Operations, which we refer to as AFFO. The Company defines AFFO as the sum of (1) FFO; (2) excluding our proportionate share of FFO and including distributions received, from non-consolidated REITs; (3) excluding the effect of straight-line rent; (4) plus deferred financing costs, (5) less recurring capital expenditures that are generally for maintenance of properties, which we call non-investment capex or are second generation capital expenditures. Second generation costs include re-tenanting space after a tenant vacates, which include tenant improvements and leasing commissions.

We exclude development/redevelopment activities, capital expenditures planned at acquisition and costs to reposition a property. We also exclude first generation leasing costs, which are generally to fill vacant space in properties we acquire or were planned for at acquisition.

AFFO should not be considered as an alternative to net income (determined in accordance with GAAP), as an indicator of the Company’s financial performance, nor as an alternative to cash flows from operating activities (determined in accordance with GAAP), nor as a measure of the Company’s liquidity, nor is it necessarily indicative of sufficient cash flow to fund all of the Company’s needs. Other real estate companies may define this term in a different manner. We believe that in order to facilitate a clear understanding of the results of the Company, AFFO should be examined in connection with net income and cash flows from operating, investing and financing activities in the consolidated financial statements.

All financial information contained in this supplemental information package is unaudited. In addition, certain statements contained in this supplemental information package may be deemed to be forward-looking statements within the meaning of the federal securities laws. Although FSP believes that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, it can give no assurance that its expectations will be achieved. Factors that could cause actual results to differ materially from FSP's current expectations include general economic conditions, uncertainties relating to fiscal policy, changes in government regulations, regulatory uncertainty, geopolitical events, local real estate conditions, the performance of properties that FSP has acquired or may acquire, the timely lease-up of properties and other risks, detailed from time to time in FSP's SEC reports. FSP assumes no obligation to update or supplement forward-looking statements that become untrue because of subsequent events.

FSP 1001 17th Street, Denver, CO

Company Overview

Overview

Franklin Street Properties Corp. (“FSP”, “we”, “our” or the “Company”) (NYSE MKT: FSP) is investing in institutional-quality office properties in the U.S. FSP’s strategy is to invest in select urban infill and central business district (CBD) properties, with primary emphasis on our top five markets of Atlanta, Dallas, Denver, Houston, and Minneapolis. FSP seeks value-oriented investments with an eye towards long-term growth and appreciation, as well as current income. FSP is a Maryland corporation that operates in a manner intended to qualify as a real estate investment trust (REIT) for federal income tax purposes. FSP’s real estate operations include property acquisitions and dispositions, short-term financing, leasing, development and asset management.

Our Business

As of December 31, 2015, the Company owned and operated a portfolio of real estate consisting of 36 properties, managed 9 Sponsored REITs and held six promissory notes secured by mortgages on real estate owned by Sponsored REITs. From time-to-time, the Company may acquire real estate, make additional secured loans or acquire one of its Sponsored REITs. The Company may also pursue, on a selective basis, the sale of its properties in order to take advantage of the value creation and demand for its properties, or for geographic or property specific reasons.

BMO Term Loan	26-Aug-20	220,000	220,000	2.32% + 1.65%	3.97%	
		<u>\$ 1,120,000</u>	<u>\$ 910,000</u>		<u>2.39%</u>	

(a) Interest rate excludes amortization of deferred financing costs and facility fees, see notes below

On October 29, 2014, we amended and restated our bank facility we call the BAML Credit Facility, which has a total of \$900 million available and is comprised of a revolver that we can borrow up to \$500 million on, which we call the BAML Revolver and a term loan for \$400 million that we call the BAML Term Loan. On August 26, 2013, we entered into a term loan we call the BMO Term Loan and borrowed \$220 million. Additional information about these loans are in the footnotes to our financial statements. Pricing is based on our credit rating for the BAML Revolver, BAML Term Loan and the BMO Term Loan. Our credit rating as of December 31, 2015 was Baa3 from Moody's.

- The BAML Revolver is priced based on our current credit rating at a spread of 1.25%, which was an interest rate of 1.44% as of December 31, 2015. The BAML Revolver is also subject to a facility fee based on our credit rating, which was 25 bps or approximately \$1.25 million per year.
- The BAML Term Loan has LIBOR fixed at 0.75% for five years. At our credit rating, the spread for the BAML Term Loan is 1.45%, so our interest rate is 2.20%.
- The BMO Term Loan has fixed LIBOR at 2.32% for seven years. At our credit rating, the spread over LIBOR is 1.65%, so our interest rate is 3.97%.
- We incurred financing costs to close the BAML Revolver, BAML Term Loan and the credit facilities that preceded them. We also incurred financing costs to close the BMO Term Loan. These costs are deferred and amortized into interest expense during the terms of the loans. The annual run rate for amortization to interest expense from deferred financing costs is approximately \$2.1 million.
- The BAML Revolver can be extended for 1 year at the Company's option upon payment of fees and includes an accordion feature that allows for up to \$250 million of additional borrowing capacity. The BMO Term Loan includes an accordion feature that allows for up to \$50 million of additional borrowing capacity. The accordion features are subject to receipt of lender commitments and satisfaction of certain customary conditions.

Total Portfolio Square Footage		9,494,953				

- (a) The number of leases approximates the number of tenants. Tenants with lease maturities in different years are included in annual totals for each lease. Tenants may have multiple leases in the same year.
- (b) Annualized rent represents the monthly rent charged, including tenant reimbursements, for each lease in effect at December 31, 2015 multiplied by 12. Tenant reimbursements generally include payment of real estate taxes, operating expenses and common area maintenance and utility charges.
- (c) Includes 22 leases that are month-to-month.
- (d) Includes 85,050 square feet that are non-revenue producing building amenities.

Footnotes to the components

- (1) See pages 11 & 28 for definitions and reconciliations
- (2) Includes NOI from 1 acquisitions 2015
- (3) Adjustment to reflect property NOI for a full quarter in the quarter acquired, if necessary
- (4) HB3 Tax in Texas is classified as an income tax, though we treat it as a real estate tax in Property NOI
- (5) Management & other fees are eliminated in consolidation but included on Property NOI
- (6) We report FFO from non-consolidated REITs for the previous quarter as their financial statements are not yet complete for the current quarter.

Appendix: Non-GAAP Financial Measure Definitions

Definition of Funds From Operations (“FFO”)

The Company evaluates performance based on Funds From Operations, which we refer to as FFO. The Company defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and acquisition costs of newly acquired properties that are not capitalized, plus depreciation and amortization, including amortization of acquired above and below market lease intangibles and impairment charges on properties or investments in non-consolidated REITs, and after adjustments to exclude equity in income or losses from, and, to include the proportionate share of FFO from, non-consolidated REITs.

FFO should not be considered as an alternative to net income (determined in accordance with GAAP), nor as an indicator of the Company’s financial performance, nor as an alternative to cash flows from operating activities (determined in accordance with GAAP), nor as a measure of the Company’s liquidity, nor is it necessarily indicative of sufficient cash flow to fund all of the Company’s needs.

Other real estate companies and the National Association of Real Estate Investment Trusts, or NAREIT, may define this term in a different manner. We have included the NAREIT FFO definition in our table and note that other REITs may not define FFO in accordance with the current NAREIT definition or may interpret the current NAREIT definition differently than we do.

We believe that in order to facilitate a clear understanding of the results of the Company, FFO should be examined in connection with net income and cash flows from operating, investing and financing activities in the consolidated financial statements.

Appendix: Non-GAAP Financial Measure Definitions

Definition of Earnings before Interest, Taxes, Depreciation and Amortization (EBITDA) and Adjusted EBITDA

EBITDA is defined as net income plus interest expense, income tax expense and depreciation and amortization expense. Adjusted EBITDA is defined as EBITDA excluding gains and losses on sales of properties or shares of equity investments or provisions for losses on assets held for sale. EBITDA and Adjusted EBITDA are not intended to represent cash flow for the period, are not presented as an alternative to operating income as an indicator of operating performance, should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP and are not indicative of operating income or cash provided by operating activities as determined under GAAP. EBITDA and Adjusted EBITDA are presented solely as a supplemental disclosure with respect to liquidity because the Company believes it provides useful information regarding the Company's ability to service or incur debt. Because all companies do not calculate EBITDA or Adjusted EBITDA the same way, this presentation may not be comparable to similarly titled measures of other companies. The Company believes that net income is the financial measure calculated and presented in accordance with GAAP that is most directly comparable to EBITDA and Adjusted EBITDA.

Definition of Property Net Operating Income (Property NOI)

The Company provides property performance based on Net Operating Income, which we refer to as NOI. Management believes that investors are interested in this information. NOI is a non-GAAP financial measure that the Company defines as net income (the most directly comparable GAAP financial measure) plus selling, general and administrative expenses, depreciation and amortization, including amortization of acquired above and below market lease intangibles and impairment charges, interest expense, less equity in earnings of nonconsolidated REITs, interest income, management fee income, gains or losses on the sale of assets and excludes non-property specific income and expenses. The information presented includes footnotes and the data is shown by region with properties owned in both periods, which we call Same Store. The Comparative Same Store results include properties held for the periods presented and exclude significant nonrecurring income such as bankruptcy settlements and lease termination fees. NOI, as defined by the Company, may not be comparable to NOI reported by other REITs that define NOI differently. NOI should not be considered an alternative to net income as an indication of our performance or to cash flows as a measure of the Company's liquidity or its ability to make distributions.

Appendix: Non-GAAP Financial Measure Definitions

Definition of Adjusted Funds From Operations (AFFO)

The Company also evaluates performance based on Adjusted Funds From Operations, which we refer to as AFFO. The Company defines AFFO as the sum of (1) FFO; (2) excluding our proportionate share of FFO and including distributions received, from non-consolidated REITs; (3) excluding the effect of straight-line rent; (4) plus deferred financing costs, (5) less recurring capital expenditures that are generally for maintenance of properties, which we call non-investment capex or are second generation capital expenditures. Second generation costs include re-tenanting space after a tenant vacates, which include tenant improvements and leasing commissions.

We exclude development/redevelopment activities, capital expenditures planned at acquisition and costs to reposition a property. We also exclude first generation leasing costs, which are generally to fill vacant space in properties we acquire or were planned for at acquisition.

AFFO should not be considered as an alternative to net income (determined in accordance with GAAP), as an indicator of the Company's financial performance, nor as an alternative to cash flows from operating activities (determined in accordance with GAAP), nor as a measure of the Company's liquidity, nor is it necessarily indicative of sufficient cash flow to fund all of the Company's needs. Other real estate companies may define this term in a different manner. We believe that in order to facilitate a clear understanding of the results of the Company, AFFO should be examined in connection with net income and cash flows from operating, investing and financing activities in the consolidated financial statements.
